# DUNK ISLAND SPIT

## FREQUENTLY ASKED QUESTIONS

### **What is Dunk Island Group's plan for Dunk Island Spit?**

Our vision is to reactivate Dunk Island Spit to offer an authentic tropical island experience for domestic and international visitation as well as local community recreation.

### **What has Dunk Island Group done so far?**

We have invested in infrastructure to offer the Cassowary Coast the only island glamping experience in Far North Queensland, which is anticipated to serve as a great attraction for visitors to the region.

Alongside the glamping tents will remain traditional campsites along the Brammo Bay foreshore (jetty-side).

We have renovated the public toilet and shower block.

And we are constructing a permanent food and beverage outlet which will be fully licensed to cater for day visitors and overnight guests.

The Dunk Island Spit activation will include a variety of water activities.

Our newly appointed island-based General Manager is developing a special events plan that aims to integrate tourism opportunities with local community activities. He is joined by several other on-island staff members as well as local administration staff based in Mission Beach.

### **When will Dunk Island Spit campgrounds re-open?**

Dunk Island Spit is currently a construction site with plans in full swing for the new food and beverage venue which we hope will be complete early 2025 (subject to weather and site conditions). The construction works also include improvements to the campsites themselves.

Due to safety and access concerns for visitors during construction, the campgrounds will re-open once construction is complete. A deep focus on the logistics of this build is being prioritised to clear the pathway for a fully operational facility in the new year.

### **How can I find out when the campsites are available for bookings?**

Campsite bookings will be made available online via a new website (currently in development) once we have sight of an exact opening date.

In the meantime a register of interest is being compiled through email enquiries and we invite you to sign up to our mailing list by sending us an email at [info@dunkislandcamp.com.au](mailto:info@dunkislandcamp.com.au).
